

**THE FOUNDATION**  
FOR TIGARD TUALATIN SCHOOLS

## You Are ALWAYS Here For Our Kids

No matter what the situation, you the community have always been there for our students. You have given your time, money and your talent to be sure they were provided for. Whether it was passing a bond measure to replace and remodel outdated buildings and equipment, investing in more part-time teachers or funding internet scholarships when COVID-19 forced schools to move to virtual learning for all (at a time when not all could provide internet for their homes) or rallying in an instant to create the largest food bank outside of Portland for our students - YOU the community have always been there. The past 20 months warms our heart to have seen that even when you are falling on hard times, you were there for the students.

You, the Tualatin, Tigard, King City, Durham, Metzger and so many other communities gave with your hearts to provide for our dear students.

This robust edition of our newsletter will share the many, many ways you, your neighbors and the area organizations and businesses have helped our students over the past two years when donating to The Foundation for Tigard Tualatin Schools. We are so grateful for how many of you first-time donors have joined us.

On behalf of our board, staff and committee members...*thank you.*

*Margie Greene,*  
Executive Director

*Keala Hilla,*  
Board President

Above photos are from "Super Happy Awesome News", a virtual musical production by Broadway Rose Theatre Company's Online Drama Club.

This first-time all virtual class, open to any district student, was funded by FTTS' SEED program.

Background and prop designs were by students since staff interaction was limited to online only.

Watch the 2 shows on Youtube. Search for "Super Happy Awesome News-Cast 1" and "Super Happy Awesome News - Cast 2".

## 2020-NOT A MOMENT WASTED

### "What about food?"

March 14, 2020. An emergency Tigard-Tualatin School Board meeting voted to close our schools and move to online learning, for the health and safety of our students, their families and our staff.

48 hours later, **Packed with Pride (PWP)**, a food bank for our students was born through a collaboration between the Tigard-Tualatin School District (TTSD), Tigard Tualatin Educators Association led by president Scott Heron, Tigard Tualatin Student Union, The Foundation for Tigard Tualatin Schools and school board members Maureen Wolf and Ben Bowman.

More than 600 volunteers signed on to offer their muscles, cars, monetary donations, creative minds, food items and supplies!

TTSD and Tigard High were quick to approve the school's auditorium, and old cafeteria, to house the temporary food bank. In two weeks PWP distributed 150 boxes. The following week increased to 250. The effort then exploded to 850 boxes a week that were filled with fresh produce, eggs & milk, meat/poultry and shelf-stable items. Knowing the dire challenges that some families were facing, no-contact home delivery service was offered along with no-contact pick up.

## Temporary Became Permanent

Any given year, TTSD has 25-33% of their students that qualify for the federally funded free/reduced meal program. That statistic is not well known by the general public, but is a reality that TTSD staff work with every year. Many elementary schools have volunteers operating a backpack program in their building that offers backpacks filled with non-perishable foods for students, for their weekend needs.

A few are operating again. For the greater needs, PWP will continue. A new partnership was formed between TTSD and FTTS to move PWP from a temporary service to a permanent district-wide service. PWP's partnership with the Oregon Food Bank also allows PWP to offer food boxes to the general community. PWP will be housed in the old cafeteria for the immediate future.

# Much More Than Food

Packed with Pride provided more than food, thanks to you. 1) More than 7000 books in English & Spanish from businesses, libraries and schools were handed out. 2) 600 hand-made wooden toys were distributed to awestruck parents, thanks to Guild of Oregon Woodworkers. 3) Hundreds of backpacks were given to students from local businesses. 4) Mother's Day & Father's Day goodies donated by businesses and individuals were created to acknowledge the challenging parenting time COVID-19 created. 5) Sweet thank you card lets our volunteers know their work matters.

# Creative Teaching

COVID-19 would not stop your support from impacting our students. Whether online or hybrid teaching. Principals and staff were creative, using your donations to let students know they were cared for, and they were working hard to keep learning fun and materials available. Donors raised **\$156,800 for the Flex Grant program**. The School Grant program was temporarily renamed Flex Grant to give schools more options to support our kids, beyond the usual part-time teaching staff that the School Grant focuses on.

## 2020-2021 USE OF DONATIONS THROUGH FLEX GRANT PROGRAM

### SCHOOL

#### **Alberta Rider**

\$2200

### PROJECTS

**Expanding Social Justice Classroom Libraries**-Each classroom teacher purchased \$100 worth of student friendly books to help build community, validate and understand identity, educate all students about differences while also celebrating who all students are.

#### **Durham Elem**

\$9800

**Swag Bag of School Supplies**-Helped provide school supplies to ensure all students were equipped and ready to learn this year.

**Mystery Science Software**

**Diverse Children's Literature**

**Co-Teacher for Kindergarten and First Grades**-Teacher that strategically stays in the class and teaches alongside the main teacher offering a second professional to help students progress, without pulling students out of their class.

#### **Metzger**

\$9800

**IXL Learning Math Software**

#### **Deer Creek**

\$9800

**Mystery Science Software**

**Diverse Books for Students**

#### **Bridgeport**

\$9800

**Newslea Software**-Offers bilingual lessons

**IXL Learning Math Software**

**STEM Take-Home Kits**

**Virtual After School Clubs**-Continuing after school program in virtual format in hopes of increasing comfort and engagement with online learning. Offered classes such as STEM, dance, trivia.

#### **Mary Woodward**

\$9800

**Part-time Math Teacher**-Extension of long-standing program that provides math support through smaller groups of students, for all levels of math.

#### **Templeton**

\$9800

**Student School Supplies for Hybrid Returnees**-Provided "at school" set of supplies for students returning to school for the hybrid program.

#### **Tualatin**

\$9800

**Reading Support through Small Groups**

**Social Justice Library**-Provide a resource library for all grades to support social justice instruction.

#### **Fowler Middle**

**Lunch Connections with Students**-Lunch groups lead by staff for social connections with peers and staff.

Helped create connection and care in a pandemic environment. NOTE: Approved, then placed on hold when school moved to hybrid learning.

#### **Hazelbrook**

**Middle**

\$9800

**Connecting Students During CDL Through 3 programs:**

1. After school academic support
2. Weekly affinity group meetings with staff advisors
3. Weekly lunch activities

#### **Twality Middle**

\$9800

**Virtual After School Activities**-After school affinity groups-Black Student Union, MECHA, Pacific Island Club and Pride Club - to fill the social void and build connections among students and staff.

#### **Tualatin High**

\$9800

**Virtual and In-Person Homework Help**

#### **Tigard High**

\$9800

**Virtual and Limited In-Person Homework Help**

## Creative Teaching (con't.)

"Students accessed **MYSTERY SCIENCE** to learn about STEAM related topics and participated in the trivia and online assembly.

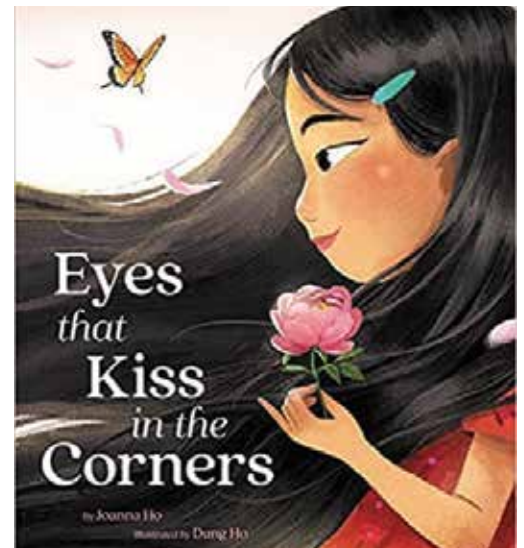

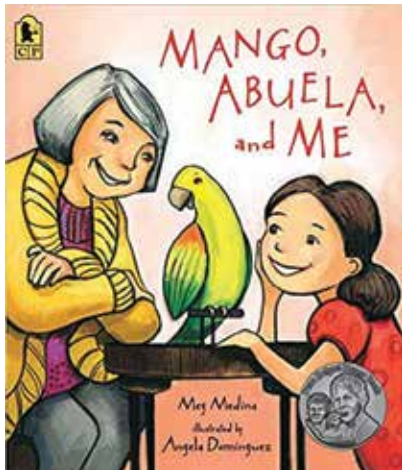

**450** participants watched it live!"

Principal Brewer, Durham Elementary

## Updating Books

Alberta Rider and Tualatin Elementary were two of the schools taking the opportunity to update their books to reflect their readers. Having books about your culture, displaying images that look like you and are able to teach classmates about your heritage offers comfort to the student. It builds confidence and pride to read about the accomplishments of someone that looks like them.

## Creative Teaching (con't.)

### Afterschool Fun!

When Bridgeport Elementary could not offer their usual in-person after school enrichment classes, they did the next best thing by offering virtual classes that included dance, science and trivia. The drop-in style removed barriers that have caused hesitancy to sign up in past years.

Principal Jordan Mills shares the importance of still being able to offer the classes, and how they were a success due in large part to her incredible staff.

***"The clubs were a huge hit! We had only intended to have one session, however, due to incredible feedback from students and families, we added a second session."***

*Principal Mills, Bridgeport Elementary*

### **MORE THAN HOMEWORK HELP**

***"We have a few students that show up at every session for support. We've actually developed a great relationship working together."***

*Hazelbrook Middle School Afterschool Teacher*

"We learned that for students, having a social connection to other students was critical for engagement. This project aimed to increase that connection."

#### Principal Mills:

"As you know, our staff worked overtime this year to bring the highest quality experience to students that they could. It was a huge challenge to find the time to add enrichment experiences, however, we had some incredibly dedicated souls that went above and beyond. They reported that this social time with students was invaluable! I think they liked it as much as the students! After the first session, I asked staff if they'd be willing to run a second session their responses were YES! One in particular said, ***'I was waiting for you to ask me again ... of course I would LOVE continuing with the club after spring break!'***"

# THANK YOU DONORS!

Our heartfelt thank you to the hundreds of individuals, clubs and businesses that donated to FTS and Packed with Pride during the 2020 calendar year. **Donation activity is for January 1, 2020 through December 31, 2020.**

S - Sponsor    M - Corporate Matching    G - Community Giving

**Monthly Donations Available for your convenience: \$10, \$50, \$100 or any amount. Start today at [www.the-FTS.org](http://www.the-FTS.org).**

## 2021 - Your Support Is Reconnecting Students

### Lam Research and You - Making a Difference!

*Lam Research of Tualatin* believes in supporting both community and education. Their valuable partnership has spanned 10 years and has included sponsorship of our Twilight 5K Run. When COVID-19 hit, Lam Research was quick to react with funding for Packed with Pride...twice...for a total of \$200,000. Lam helped establish the base funding that allowed PWP to immediately provide both quality and frequency of the much-needed food box service.

**RECORD- BREAKING FUNDRAISING - \$240,000!**

Lam's concern, and personal experience of employees and their families, of the social and learning impact of online learning and quarantining led to their generous **\$100,000 Community Grant**. We are excited to announce Lam Research has reached our "Visionary Leadership Circle" support level.

**A record total of \$240,000 from Lam Research and donors like you was distributed through our School Grant.**

Donations are already hard at work this school year. Additional teaching staff in each school in numerous areas were hired to help our talented students reconnect to our schools, staff and their peers.

Watch for our emails or posts on Facebook and Instagram to see once again the creative and thoughtful ways our schools have invested your donations to provide a rich and supportive school environment.

### Golfers Raise \$45K!

What a demonstration of community support for our kids! Thank you title co-sponsors **P&C Construction, Day CPM and BORA Architecture & Interiors** and our other 34 sponsors for making the event possible. You golfers came from everywhere to show you care about education, despite the heat. And what event isn't complete without volunteers and Chair Matt Hughart to ensure a fun event.

Missed out this year? Join us July 30, 2022 at Langdon Farms. Sponsors and players can inquire at [info@the-ftts.org](mailto:info@the-ftts.org).

## WHY AFFINITY GROUPS?

Hazelbrook Principal, Tim Gross, offers insight and staff quotes on the importance of offering affinity social groups for our students.

***"In order for students to learn, they need to feel like they belong, safe in their own skin, surrounded by people that care about and understand them. Our affinity groups at Hazelbrook provide this space where students can be together in relationship with students like them, experiencing similar things, led by teachers whose goal it is to provide this safe space for them. Many of our students aren't seen in the hallways and experience marginalization that many of us will never experience or understand. Our affinity groups provided opportunities to root in both shared and personal experiences in support of each other."***

**Principal Gross, Hazelbrook Middle School**

**Teacher Advisor:** "Our students have requested to meet more often and would like to gather in a socially distant way next Friday night. Can we do this? They are really excited to find a way to be together in person somehow."

**Teacher Advisor:** "I have the same students that show up to visit each week. We have developed a strong bond and connection."

Hazelbrook PRIDE

Hazelbrook MECHA

# Teen Tutors? Yup.

At times it may have been a toss up on who learned more - the student with questions, or their peer tutor that helped them. Yes, students at both Tualatin and Tigard High were part of the homework club team of tutors. A bonus came from Tualatin High involving teen tutors from Fowler and Hazelbrook Middle Schools. Under the supervision of high school teachers your donations funded, the peer teacher program was back in a virtual format. COVID wouldn't stop schools from offering homework help. Online tutoring's biggest benefit was the flexibility of time available. Students could get help in the evenings after they got off work or home from practice, and even on the weekends. Your dollars made this very important resource possible.

*"As we plan for next year, we fully intend to continue those partnerships as one more way to bridge relationships with families here and at the middle schools."*

**Principal Dellerba, Tualatin High School**

# SCIENCE AT HOME

You brought Bridgeport Elementary science projects to students' homes. Funded by your generosity and the school's PTA, Bridgeport's after school program brought science, trivia and dance into homes.
