

## Innovative Teaching Grant Winners for School Year 2025-2026

| <b>Project Name</b>                        | <b>Requesting School &amp; Staff</b>                            | <b>Amount Requested</b> | <b>Project Description</b>  |
|--|---|-------------------------|---|
| Fluency Gamified for All                   | Twality Middle School - Dylan McCann (math teacher)             | \$1,487.10              | Fluency skills are far below grade level and students are not able to access grade level content because they are getting held back by basic fluency gaps. This gamifies practice in a way that any teacher can implement into their classrooms. Materials are reuseable.   |
| Pasifika Pathway to Post-Secondary Success | Tigard High School - Mikaela Diaz (special education teacher)   | \$1,500.00              | Pasifika Pathway to Post-Secondary Success will provide opportunities for Pasifika students (Juniors and Seniors) to attend college tours and visit programs that foster connection and Pasifika identity at colleges.  |
| Star Swimmers                              | Durham Elementary - Kathleen Meeker (special education teacher) | \$992.50                | The proposal funds 1 school year (10 sessions) for a monthly trip to Conestoga Recreation and Aquatic Center. Each session includes 1 hour of pool rental and instructor for up to 40 people (students and adult support) to teach disabled students water acclimation skills, safety tips, and swimming techniques |
